

## **INTRASTATE AIR SERVICES REVIEW**

### **BRIEFING AND INFORMATION SESSIONS - 4 and 12 MARCH 2008**

A briefing and information session outlining the background and scope of the Intrastate Air Services Review was given by officers from DPI and conducted in conjunction with the Chamber of Minerals and Energy (CME) on Tuesday 4 March 2008. Invitations to this session were issued by the CME.

A second briefing and information session was held at DPI, 441 Murray Street, Perth at 1400 - 1600 hours on Wednesday 12 March. Invitations for this session were widely distributed to a range of potentially interested parties from industry, the three levels of government, and from community representative groups. An general invitation to members of the public to attend this session on 12 March has been available on this website since 4 March.

The slides of the presentation and arising questions from both briefing sessions have been added to the internet site.

The briefing can be delivered to other representative groups on request.
