

Maintenance of Serpentine Trunk Main – Traffic modifications near the Narrows Bridge

The Water Corporation is undertaking planned maintenance work, which will involve changes to traffic conditions north and south of the Narrows Bridge. These works will be underway from Monday 18 August for a period of approximately six weeks.

- Mounts Bay Road and Riverside Drive roundabout: Works will be occurring on the corner roundabout. Speed reduction signs will be in place.
- Mill Point Road, South Perth: Works will be occurring on the shared path south east of the Narrows. A detour will be in place for cyclists and pedestrians and speed reduction for traffic.
- Melville Place, South Perth: Works will be occurring in the carpark adjacent to the Windmill and the road closed in Melville Place. A detour and speed reduction will be in place.
- South Terrace westbound: Speed reduction signs will be in place near the Freeway off ramp.

Please take care and follow traffic signs.
