

ANNEX A
LOCAL IMPACTS COMMITTEE
TERMS OF REFERENCE

1. Recommend the preferred alignment for Roe Hwy Stage 7, based on a strategic overview of the highly ranked options in the multi criteria analysis.
2. Identify the level of upgrading needed for the major roads in the southwest metropolitan corridor, focussing on Leach Hwy, South St, High St and Stock Rd; and prepare a preliminary road development plan for these roads.
3. Determine measures to protect local communities from the impact of freight and general traffic.
